

IMPORTANT NOTICE AS OF 03/26/2008 TO OUR PRC CUSTOMERS

We would like to express our sincere appreciation for allowing Patriot Insurance Agency to service your insurance needs. "Caring For and Protecting Our Community" is our dedication to those that serve the pro-life community. We strive to exceed your expectation of service, commitment and protection of superior insurance coverage at the lowest premium.

As you may be aware, Congressman Richard Renzi has been in the news recently in connection with the insurance agency's operation back in 2001, around the time of the agency's dispute with Safeco Insurance Company. Patriot Insurance Agency is not involved in the current litigation, which has no impact on your insurance coverage. Let it be a comfort to you that Patriot Insurance Agency is sound and your coverage remains strong.

Patriot Insurance Agency issues policies underwritten by Spirit Mountain Insurance Company Risk Retention Group (SMIC), which is also not involved in the current dispute. SMIC was formed in 2005 to provide affordable, effective coverage to organizations dedicated to the pro-life movement. Spirit Mountain Insurance Company's finances are sound, as explained by Jon Harkavy, its Executive Vice President and General Counsel of Risk Services, in the attached statement.

SMIC has achieved much since its creation. First, SMIC has not increased premiums for over three years. Second, SMIC and Patriot have worked together to provide clients an exceptional level of service. Third, SMIC offers important coverage, including coverage to maternity homes and for vicarious liability. Fourth, should a claim occur, SMIC ensures that only pro-life attorneys are called upon to represent its clients. We know of no other insurance carrier that can make these claims.

As a C.P.A. and Treasurer, let me reassure you of the financial condition of Patriot Insurance Agency as well as Spirit Mountain. Both are in sound financial condition.

For many years, it has been our great privilege to serve as your agent representing your insurance needs. We look forward to being your supporter as well as protector during our pro-life missions.

We ask and encourage any discussions or questions. You or your board are always free to contact us at 800-859-2724.

Sincerely,

Dwayne C. Lequire, CPA
Patriot Insurance Agency, Inc.
